

The page features a minimalist design with three thin, dark lines intersecting. One line runs diagonally from the top-left towards the bottom-right. Two other lines intersect it: one from the top-right towards the bottom-left, and another from the bottom-left towards the top-right. Two small, solid black dots are placed at the intersection points of the lines. The text is positioned to the left of these lines.

## **Company Establishment**

You have decided to establish your company in China. We provide support and advisory services in the implementation.

We differentiate in 3 phases, when starting a business and its preparation. Here is an overview of our services, which will be specifically matched to each customer.

### **1) Before company establishment**

- Building of a team with permanent members
- Evaluation of the company strategy in the team
  - Location / size / facilities
  - Financing (budget)
  - Subventions
  - Tax benefits
  - Strategic partner formation
  - Increase of your business in three steps

### **2) Company establishment in China**

- Licensing
- Tax registration
- Work permits
- Bank accounts and contact person

### **3) After company establishment**

- Search for employees
- Insurances
- Procurement of inventory
- Authorities
- etc.

THANK YOU !
